OPELCONNECT – LIVE NAVIGATION

LIVE NAVIGATION WITH SMARTPHONE TETHERING

Benefit from Live Navigation Services using a smartphone as a hotspot for the Infotainment System, tethering it as described below.

Then follow the instructions on page two to activate the Live Navigation Services in your vehicle.

Activate the hotspot function in the settings of your smartphone and check the hotspot password.

Start your vehicle and wait until the infotainment system is fully started. Ensure you are in an area with GSM network coverage (avoid for example underground car parks, etc.).

Should the name of your
